MEMORANDUM FOR: Office of General Counsel

ATTENTION:

FROM:

Executive Officer, OL

SUBJECT: CIA Procedures for Covert Procurement

STAT

Our Procurement and Supply personnel have reviewed the attached draft CIA procedures regarding covert procurement and have raised no major objections. The only consistent point was concern over the DCI's consideration in paragraph 5f over subsequent disclosure and "embarrassment." Per our conversation this, of course, falls into the interpretation area and, I think, need not be of major concern.
